

		ENVIRONMENTAL POLICY		
ATTACHED	SECTION	ISSUED	Rev.	Approved by the general management
10	02	25.01.2018	5	

SOMACIS SpA, always careful to comply with the environmental legislation and with the internal and external context in which it operates, since 1999 has decided to:

- **Reiterate its commitment in compliance with environmental legislation, with the aim of guaranteeing high environmental protection and pollution prevention.**
- **Adopt a Management System able to guarantee the reduction of the impact of its activities on the surrounding environment, preferring prospects to respect the life cycle .**

For this reason **SOMACIS SpA**, operates with an Environmental Management System integrated with the Quality Management System and complies with the requirements of the UNI EN ISO 14001:15.

SOMACIS SpA, having identified its activities and products that have or can have a significant impact on the environment, undertakes to pursue the following general objectives:

- **Control of the production of waste produced by favoring the recovery of metals in particular.**
- **Manage, preserve and optimize the use of water resources in wet processes.**
- **Encourage energy savings and favor production from renewable sources.**
- **Pursue continuous improvement of environmental performance to prevent or reduce pollution and minimize pollutants; this in particular with regards to the protection of water and subsoil.**
- **Safeguard the integrity of the environmental surrounding of the establishment and within it making it more and more compatible with the external community.**
- **Prevent pollution by reducing and/or eliminating, where possible, hazardous substances from its product/processes.**
- **Involve suppliers and maintenance companies with the aim of controlling and limiting indirect environmental impacts.**
- **Maintain active internal and external information channels, regarding environmental problems and the activities and actions that the Company adopts for the protection of the environment.**

SO.MA.CI.S S.p.A. IS ENGAGED IN CONTINUOUS ACTIONS TO ACHIEVE THESE TARGETS THROUGH:

- **Staff awareness and training, including new hires, regarding significant environmental aspects in the company and environmental protection.**
- **Periodic review of programs, of management systems and objectives, means of Audit in order to pursue continuous improvement.**
